

**2012 Southeast Region
Mine Rescue Contest**

Problem/Written Instructions

Account for all missing miners if it can be done safely.

Explore all areas of the mine that can be safely accessed and bring survivors to the Fresh Air Base.

Map all conditions found in the mine and any changes you will make.

The Fan cannot be stopped or reversed.

Seal or extinguish all fires.

You have 110 minutes to work the problem (after the clock has been started).

**Thank You and
Good Luck!**
