

2023 KMI CONTEST

MINE RESCUE DAY 1 CONTEST

AUGUST 15, 2023

LEXINGTON KENTUCKY

TEAM
KENTUCKY.

**ENERGY AND
ENVIRONMENT CABINET**

2023 KMI Day 1 Statement

Thank you for responding to our call for help. You are located at the fresh air base at the Go Big Blue # 1 Mine.

We had a four man crew enter the mine at 11 pm to get the Blue West Section ready for the day shift production. At 4 am the day shift foreman could not make contact with the crew so he went in to see what the problem was. He was unable to make it on to the section due to unsafe roof and water. A fresh air base was established and he returned to the surface and still has not made contact with the missing 4 miners. All state and federal agencies have been notified and are on scene. We have additional back up teams here to help. Our mines is walking height and we have some issues with water and poor roof conditions. The mine is ventilated with a blowing fan, all power in by the fresh air base has been turned off. This is all the information we have at this time. Please help find our missing miners.

2023 KMI DAY WRITTEN INSTRUCTIONS
