MINE RESCUE DAY 2 CONTEST

AUGUST 16, 2023

LEXINGTON KENTUCKY

TEAM
KENTUCKY.

**ENERGY AND
ENVIRONMENT CABINET**

2023 KMI Day 2 Statement

Thank you for responding to our call for help. Your located at the fresh air base at the Big Blue # 2 Mine.

We had a three man crew enter the mine at 4 am to get ready for day shift production. The day shift foreman was unable to make contact with the crew so he had 3rd shift foreman go and check on the miners. He was unable to make it onto the section due to unsafe roof and low O₂. A fresh air base has been established and all power enter the section has been locked out and guarded. Our mine is walking height we have had trouble with the roof conditions and some methane gas problems. The section is ventilated with a exhaust fan that intakes up the #3 entry and returns out the #1 entry. Thats all the information we have at this time. State and federal are on scene with additional back up teams. Please help find our three missing miners.

2022 KMI DAY 2 WRITTEN INSTRUCTIONS

EXPLORE ALL AREAS IF SAFE TO DO SO.
